	<p>Free Phonetic Readers is a work in progress and we are adding a new book every month or two so do check back often!</p> <p>Written and illustrated with sensitivity and gentle humor, Free Phonetic Readers features short and long vowels. Stories introducing children from a variety of backgrounds along with their families, friends, pets and other critters introduce phonics to the beginning reader.</p> <p>The only prerequisite to reading these stories is that the reader has been taught the sounds, not the names, of the letters of the alphabet. To help with this there are several links at the bottom of this page that teach the sounds of the alphabet. Vowels are featured first in the initial position of a word (Ab, Ed, Abe, Eve) and then in medial positions (ran, fez, bake).</p>
Great Schools	<a href="http://www.greatschools.org/worksheets/science/">http://www.greatschools.org/worksheets/science/</a>

	This document is intended as a resource to provide classroom teachers with a selection of strategies to address the reading needs of students with visual impairments. It must be emphasized that a student's visual impairment and its impact will be unique. For example, two students with the same diagnosis and visual acuity may function differently in the classroom. The following is generalized information, and the needs of the students may be more specific. It is important to consult with your district Vision Resource Teacher to help interpret the functional vision assessment regarding the student's functional vision in the classroom.
